

Product information AB313-C

A-solar Camera Bag (incl. Camera charger!)

By the solar panel at the top of the Camera Bag you can recharge the batteries of your camera by sunlight. On the inside of the bag there are pockets for storing your camera, lenses, SD cards and f.e. UV filter. There is also room for your wallet and phone. The included Universal Multi Charger has an internal 1500mAh Li-ion battery that can be charged by sunlight, USB and AC power. Besides charging the batteries of your photo / video camera (batteries 3.7V - 7.4V), this Multi Charger is also suitable for charging your cell phone, navigation and / or MP3 player. The clear LCD display shows the status of the energy from the Multi Charger.
